

## Technical Approval

**TO – 08/0111**

pursuant to the provisions of § 26 of the Act No. 90/1998 Coll. on construction products, as amended

**Type and trade name of the product:****Systems for protection and renovation of storage tanks****Manufacturer:****IDOPS, družstvo  
Hýrošova 3  
811 04 Bratislava  
Slovak Republic****Manufacturing plant:****IDOPS, družstvo  
Hýrošova 3  
811 04 Bratislava  
Slovak Republic****Generic type and use of construction product:**

DOPA 1 and TK are used for interior lining of functional (tight) steel and concrete storage tanks. System DOPA 1 is used for lining of underground and above-ground storage tanks, system TK is used for lining of vertical tanks with flat bottom.

TITAN 2 and TITAN 3 are used for renovation – interior lining of old (perforated or leak) buried steel storage tanks. The system TITAN 2 is used for renovation of storage tanks with a diameter of 1 400 mm to 3 100 mm. TITAN 3 is used for renovation of storage tanks with a diameter of 1 400 mm to 1 900 mm not exposed to external pressure caused by groundwater.

The systems are suitable for use in tanks for storing heating oil, Diesel oil, aviation kerosene and other flammable liquids of hazard class I. to IV. in accordance with STN 92 0800.
